Neil Heritage

I'M STANDING AS YOUR UKIP CANDIDATE FOR NEWBY WARD

I am a local 37 years old, brought up on Barrowcliff and now living in Burniston Road area. I am ex Armed Forces who has done tours of Northern Ireland and Afghanistan whilst serving with Green Howard's Yorkshire Regiment.

It's about time we had some honesty and integrity and someone willing to work for us and that's what I would like to do if elected and start this locally in the Newby Ward and the Borough of Scarborough.

Some of the things that I would like to put right in our area are;

1. We should all be able to feel safe in our homes and local area, however crime has more than trebled in the Newby area in the last 2 years. Name-ly burglaries and criminal damage. This simply isn't good enough! We need more community police officers in our area to stop the rising crime figures.
2. Scalby School and Newby and Scalby Primary School which are all narrow residential streets are still 30mph roads. I would like all these streets to have speed humps in place to help protect the safety of our children.

I am open and approachable to listen to any of our residents concerns that need highlighting as I'm sure you will all have your own ideas, tell me what they are.
